What does Andy Do?

Andy breaks down the barrier between desktop and mobile computing, while keeping a user up to date with the latest Android OS feature upgrades. It also provides users with unlimited storage capacity, PC and Mac compatibility, and the freedom to play the most popular mobile games on a desktop. With phone as a joystick, you will never have to sacrifice the multi-touch or gyro elements of gaming, and thanks to seamless connection between desktop and mobile, you can receive a SnapChat phone picture on the street and see it on your desktop at home or just download whatsapp for pc

thanks :)

Anonymous January 20, 2015 at 12:18 AM

Thanks

But this is version 41.

A newer version 42 was released on Jan 9, 2015

Could you plz give us the link to download the latest version?

eTi January 24, 2015 at 11:32 AM

Latest version link is available here :

Andy .42 version offline installer download
